

## YMCA NERD Camp June 11th-July 6th

This camp will offer your children a wide variety of activities to bring out their inner "NERD". There will be engaging programs such as coding, building your own CO2 propelled rockets and so much more. Become a myth buster with exciting experiments and exploring how things move. It will be the most fun you will ever have learning this summer!

## Camp Unplugged July 9th-August 3rd

Come join us for a life-changing outdoor experience and enjoy the great outdoors. This camp will focus on the exhilarating opportunities that kids have living in Wyoming. Can you imagine learning how to canoe and fly fish at a young age? During this four week camp that is exactly what the kids will learn!

## Camp Talent August 6th-31st

Come to the YMCA and find your natural aptitude with a wide array of skill building activities. The children in this camp will get exposed to many different skills such as CPR, babysitting and so much more. Become a camp detective after a week long learning experience with the Casper Police Department!
